The Windsor Solution: a patented natural remedy for radon plagued water.
Radon is a serious concern for many people with well water. Radon gas has been associated with causing cancer.

The government now recommends removing as much radon from your water as possible.

The Windsor™ works hard to keep you and your family safe.

- Nickel plated fittings (No lead or Brass)

**OUTPUT: HIGH PRESSURE AND HIGH FLOW**

**INPUT: HIGH EFFICIENCY**
- 85% Removal

---

**Windsor™ Simple Installation**

Pipe In & Out
- 2 - 1” NPT water connection
- 1 - 2” PVC air out connection
- 1 - 1.25” NPT Overflow

Plug In:
- 1-20 AMP ground fault
- 115 volt plug-in duplex receptacle

Your water is aerated and blown into the inside cup. Radon is bubbled up and out. Your clean water overflows the brim of the cup and a built-in pump automatically delivers it to your home.
